E.L. Bowsher High School: 25 Years of Excellence

"The high standards off excellence which you have set for yourselves have done much to establish a good reputation for our school." These words from Principal Ray McNeill appeared in the first volume of the Apogee in 1963. Today, they continue to appropriately describe our school. Bowsher has fulfilled the expectations of greatness established twenty-five years ago.

The Apogee has chosen the theme 25 years of excellence because it aptly describes Bowsher's history.

For the past quarter century, the students and staff have repeatedly and consistently excelled in academics, athletics, and extra-curricular events. We continue to strive for the high standards that were set when Bowsher was established.

The alumni, the present students and staff, and those who will become a part of Bowsher in the future, can be proud participants of an outstanding school.

Magazine Drive

The kickoff for the successful 1986 Magazine Drive was September 19th. The drive continued until the 30th. A total of 24,400 dollars worth of magazines was sold achieving 97.5 percent of the goal. The top seller was Sarah Tipton (left) who sold a total of 1500 dollars worth of magazines. The runners-up were Eric Anderson (below, left), who sold 1000 dollars worth, and Jodi Myers (below), who sold 430 dollars worth. The 1986 Magazine Drive was once again a success.

The 1987 Rebelees Acting and Talent

The 1987 Rebelees came to us "Just In Time". It was held on May 7th, 8th, and 9th in the Bowsher Auditorium. The story was creative and refreshing.

In honor of Bowsher's 25th Anniversary, the 1987 Rebelees, "Just In Time", took us on a trip to the past. The plot showed the script committee of Rebelees going back in time to get ideas for this year's Rebelees. The script committee appears during rehearsals of past Rebelees plays. Four scenes from four different Rebelees are used, 1964, 1970, 1979, and 1985, each scene being directed by one of the four student directors. This interesting plot provided for an extremely successful Rebelees, appropriate for Bowsher's 25th year of excellence.

This year's theme, in honor of Toledo's Sesquicentennial, was "Toledo: A Multicultural History".

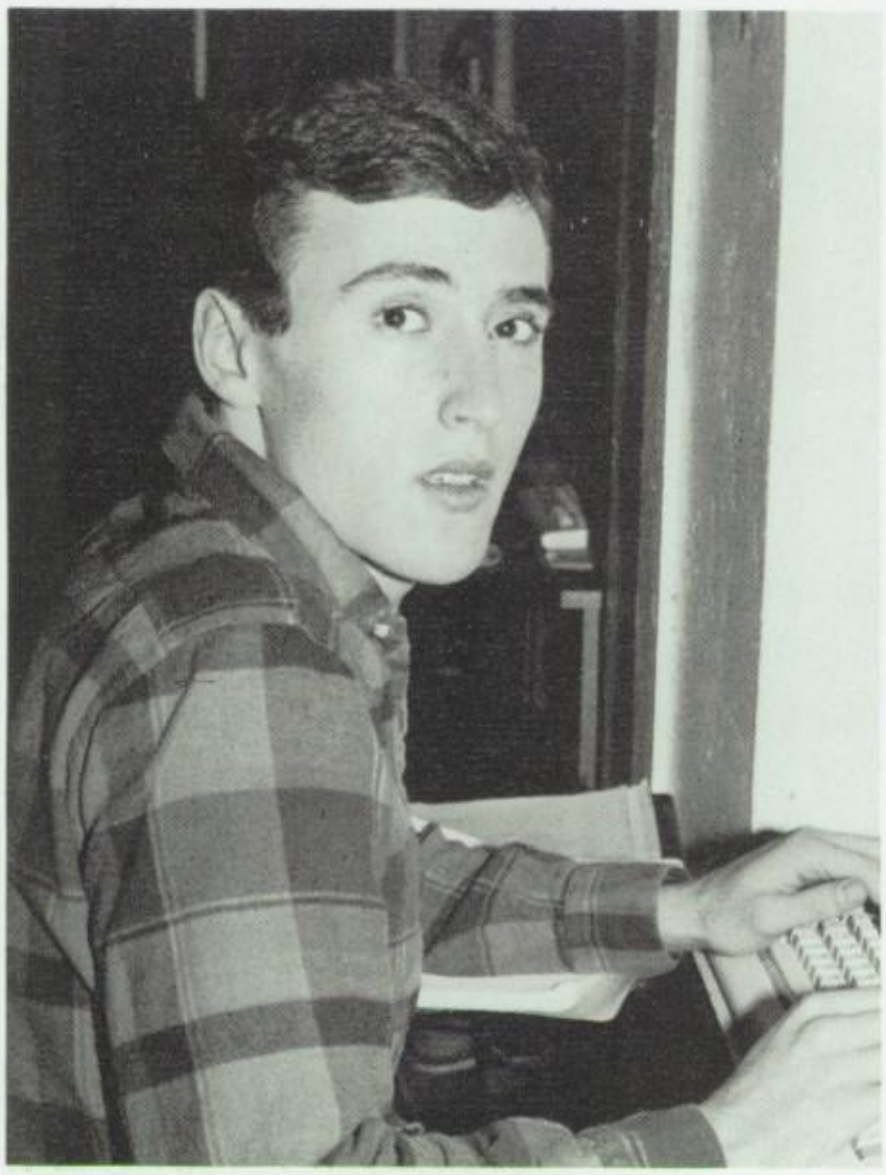
Foreign Exchange Students



"Girls, cars, and chocolate cookies" are the things senior Jean Wendorff likes best about America. Jean is an exchange student from Stuttgart, West Germany, who is experiencing America until June. His favorite American food is Little Caesar's pizza and his favorite American band is "Boston". Water polo and swimming are among his interests. After high school, Jean plans to make a career in the German military service.

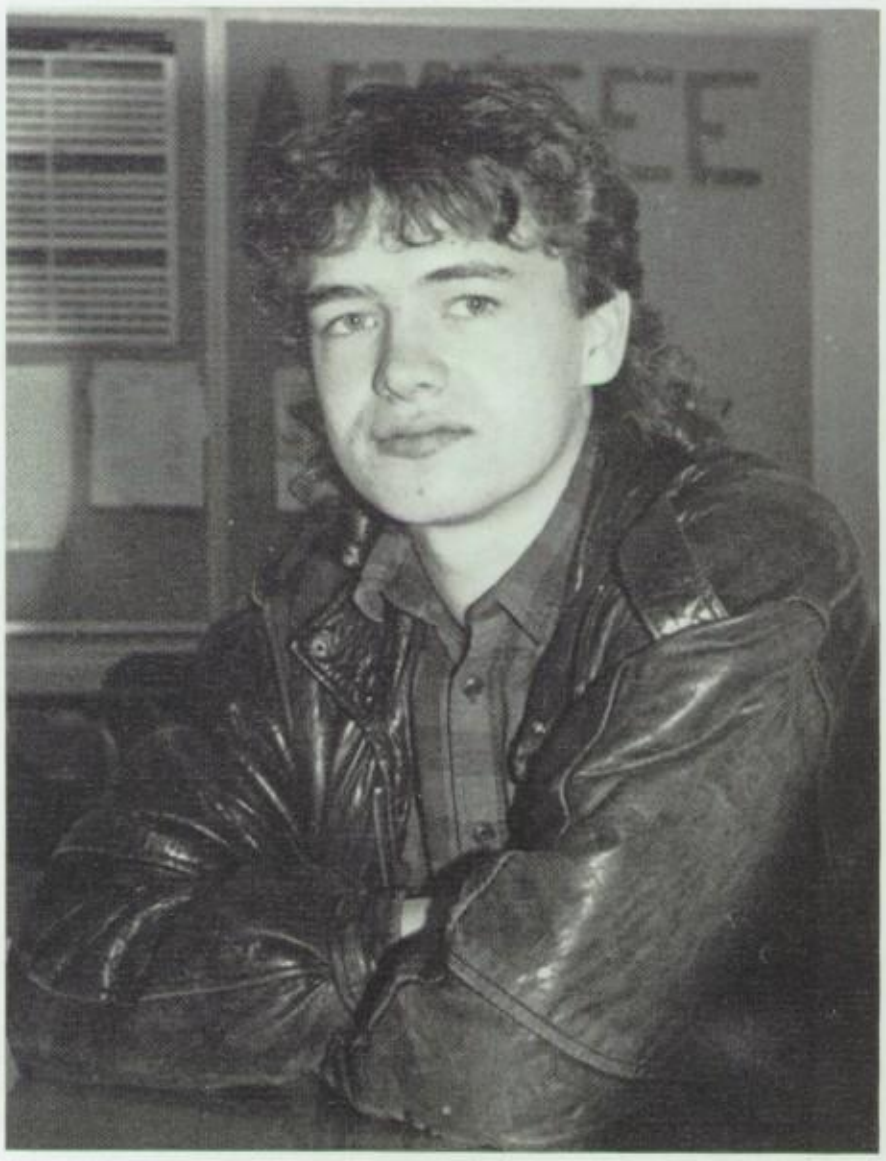
When asked about the major differences between Bowsher and his school at home, Jean remarked that students do not move from classroom to classroom, but the teachers, rather, circulate. In Germany, Jean says, school is adjourned at 1:00 p.m. However, students sometimes attend school on Saturdays and are in school for thirteen years instead of twelve.

Jean is enjoying life in America but will return home to Germany in June.

How would you describe America? Senior Hallvard Almestad says "big and flat". Hal is an exchange student from Volda, Norway. He finds the people of America to be open and friendly, although the rules of the home he finds to be more restrictive. School in America is easier, Hal says. In Norway, schools have more subjects, including religion. Hal has no trouble communicating with Americans as he took seven years of English before he came to America.

Hal has many interests. He plays soccer and the guitar and he enjoys fishing from his 22 foot boat. After graduation, Hal will join the army in Norway. After the army, he hopes to make a careeer in the media.

Hal will return to Norway in June.



Juha Koski is a junior from Vantaa, Finland. He tells us that there are many differences between American schools and schools in Finland, where students follow a different schedule every day. In Finland schools, classes are 45 minutes in length and there is a full 50 minutes between classes. There is a mandatory 9 years of schooling after which a student may enter a specialized high school and then college.

Juha is interested in cars, sports, and especially in photographic art. After he serves a year in the army, he hopes to enter an art college.

Juha will return to Finland in June.

How do you celebrate life?
We're all so different
Mixtures of races in our cups of happiness
And culture wise . . . all so contrasting.

So tell me about your life
And I'll share mine with you
Teach me, and I will learn;
I'll also accept you.

You may have felt alone at first
But now you can talk to me
About where you were born
And how you lived.

I'll laugh with you, not at you
And though our skins contrast
And likewise our backgrounds
It's all the better for you and me.

Senior Wills

I Sharon Haugh, being of sound mind and body, do leave the following: To my baby sister Patricia I Leave my ability to pass exams and my ability to sneak around without getting caught! To Amy and Lori I leave the ability to create a yearbook as good as mine (Good Luck!) and all the sedatives that Amanda promised Deanna and me! To Deanna I leave all the memories (and horrors!) of being Yearbook Editors: the late deadlines, the panic of not knowing what to do, and the satisfaction of knowing that our book is the best ever! (Even though I'm a "lousy editor"!!!). I also leave all the days we spent chasing guys and riding go-carts! I leave the fun times at the Hockey games (rubber eaters!), Junior Prom (what a joke), and all the late night phone calls! To Val I leave the ability to TELL your parents what you're gonna do. I also leave all the memories of the past 6 years of our life! They weren't always the best, but they've gotten better and better each year. I don't know how I could have made it this far without you! I leave the memories of the Bahamas — remember — Deanna won't tell on us! And most importantly, I leave the ability to stay in your own lane while looking at gorgeous guys! And finally, to A.J. I leave all the good times we've had this year. I hope your Senior year is as great as mine was. You've really made it special. Remember — wait 'til after you graduate and DON'T get pre-engaged! By the way, did I tell you I had a horse?

I, Brad Butler, being of sound mind and big body leave to my brother, Eric, the ability to get a good grade on one of Miss Papps' compositions, if he should become so intelligent as to have her next year. To my cousin Kim, copies of all footnotes for every novel and play you will read next year. To Zattoe and Kevin, two free voice lessons from Luciano Pavrotti. Referring back to Kim I leave plenty of Mrs. Pinkava's classwork-homeworks and so-called tests when you have her for government next year. To Mrs. Mackey, (now everyone will know how I got the nickname "Penguin".) a wardrobe from the Limited consisting of nothing but blue and yellow. To Edie Bowes, a very special thanks for being my friend — you're hilarious. And last but not least, to Fred Harrington — a "poof". He knows what I mean. And hope it's white too! Good Luck Class of 1988!!

I, Dan Gurecky, being of no mind or body do hereby give the next Senior class all the hassles of Senior life. I also give them my ability to do as little work as possible and still maintain a great grade average, which I am accustomed to. I specifically leave the responsibility for the dance group to Peggy Metger and Stacey Biggie. In parting, I say thank God I'm getting out!

I, Celeste Renee Sheets, being of dazed and confused mind and body, leave this, my last will and testament. I bequeath the following to my survivors: To Lydia, I leave my love beads, Donovan and R.E.M. albums, peace symbol earrings and car (a "more dignified mode of transportation") To Jarrod, I leave an electric prune, a strawberry alarm clock, a bushel of daisies, my 12-string guitar, and someone to be elected by his "fan club". To Rhea, I leave Monica, my incoming Freshman sister, to be "bad influences" on each other. To Monica, I leave the Pretenders, the Who, the right to punch anyone who calls her "Little Celeste", and my jean

jacket minus the button collection. To Mr. Dickson, I leave my button collection because he's wanted to get his hands on it for a long time. I leave the next Calculus class substitutes who don't speak English. To rock guitarists at Bowsher, I leave unbreakable strings, unsnappable picks, unblowable speaker cones, non-exploding amp tubes, parent who let you practice in the garage and neighbors who don't complain. To anyone who's interested, I leave two garbage bags of college information and the world's three ugliest flannel shirts.

I Rebecca J. Norton, being of sound mind and tired body, will the following: to Kristin Zulch many fond memories of our discussions during senior math (not pertaining to senior math of course) and all of those unforgettable walks to our lockers after school. To Sarah Jenssen "Sausalits Strut" may you keep up the tradition of our "improvisation" during those sixteen measures of rests. To Angie Willoughby, my unforgetable stand partner, may you always keep your sense of humor during orchestra — it's the only way to make it through! To Mr. Smar, a thank you for all of the musical knowledge and SOME of the jokes we have shared throughout all of those countless music classes and basketball games. May you always remember how much confidence I have gained from your words of encouragement through the years. To Mrs. Cooper, the patience and understanding to all of the future student council officers as you gave so willingly to me. To Mr. Dickson, the ability to eavesdrop on someone else's conversation, as you perfected from listening to all of mine. To the administrative staff and teachers the memory of the "Norton Girls", for I am last. Thank you for all of your guidance and thoughtfullness over these four years. To all of next years seniors and those many to follow, enjoy your senior year!!! There will never be another like it and it goes all to fast. Last, but by no means last, to all the graduating class of 1987, thank you for making these past four years such a memorable experience.

I, Sarah Tipton, being of Calculusly-frustrated mind and *EXHAUSTED* body, do bequeath the following: To Mr. Beck I leave the promise that I WILL REMEMBER THE 53 PREPOSITIONS "UNTIL THE DAY I DIE!" Thanks for the experience. To Mrs. Eby, Frau Tucker, Mrs. Mackey, and Dr. Pugh I leave a congratulations and a "thanks" for putting up with me for *multiple* years! To Todd B., Cathy B., and Lynn K., I leave the THRILLS and PERILS of Bakery Life! To Fred H., I leave a snow shovel and rock salt for your driveway! To my cousin Chad B: Make the best of your *SENIOR YEAR*! It'll all be over too soon! To Jenny C., Jenny F., and Kelly W., I leave the ability to find *your own boyfriends* To Student Council I leave the *COURTYARD*. We tried, guys, and I'M SORRY!! Thanks for a supergreat year of "MEMORIES IN MOTION"! To Bob W., I leave the my ability *(AND yours!)* to throw arms up in the wrong places during Rebelaires concerts — "Nice Job, Bob!" And good luck in Calculus — may you do better than I. To the Cheerleaders I leave the unity that we LACKED this year! To Sheri and Becca I leave my *VARSITY* pom-poms, the pep rallies, and the confidence that you two will be the best cheerleaders next year! To Greg Z., I leave Sheri T. (Isn't that special?!!!) Mrs. Gooch, Mrs. Bricker, Mrs. Guy, Mr. Norris, and Mrs. Powell I sadly *leave!* Thanks for everything

— especially your love. To Becca I leave: My half of our room, "my" car (may you drive it better than I!), My Magazine sales list (I DARE YA!), florescent cut outs (thank you!!), and all the energy you're gonna need! To the classes of '88, '89, and '90 — get *involved, laugh* alot, WORK HARD, but above all — MAKE IT GREAT!! I sort of wish I

could stay, but, in the words of D.S., Class of '86, — "I'M OUTTA HERE!!"

I, Tanya Kimball, being of sound mind and body, do hereby bequeath the following: To Rhea, my sister and nearest of kin, I leave cold early morning walks, M&M's, short "dolls", an empty closet, M*A*S*H, the 6:15 shower, and chinese food. To Gary Callies and John Asendorf, I leave my sister Rhea. Gary — keep her grades up. John — make her practice that sax. To Ken Lajiness, I leave a hug and my school service button. To Jeri Desmond I leave the happiness she deserves. To Holly Urbanus a.k.a. Mrs. Paddy, I leave uncut lines and bruises — keep thrashing. To all of my teachers, especially Dr. Pugh and Mr. Oberle, who have helped me, I leave my gratitude and thanks. To all of the remaining students, I leave my illusions and ideals of high school life, since they are no longer useful.

I, Melissa E. Mason, most of the time being of sound mind and body, do leave the following: To Cathy Fledderjohans, I leave the 9th hour "Pig Sty"! To Chris Hoffman, I leave my Huey poster and my motivation to follow "THE DREAM". To Lisa Schmidt, I leave my sister behind. I yous doesn't want you. I do! To Roy Holloway, I leave my spirit, my enthusiasm and my pizazz of ensemble to you. I will miss Sleigh Ride & Hark Row The Bells. Keep your chin up and smile, it's not that bad!! To whomever takes my place in the ALL-OHIO STATE FAIR YOUTH CHOIR, I wish you the best. You will never forget the experience. To Christopher Crawford, I leave you the memories of our time together. Thanks for everything, I won't forget it! To Holly Urbanus, I leave my nervous breakdowns and my preppie clothes. I am a friend. And lastly to Christy Bruns, the girl who stole my birthday and Kristen Zulch, my lab partner, I leave you the best times as a senior and wish you many more. Good Luck & I love ya!!

I, Heather Homan, being of sound mind and body, leave the following: to Jenni Lane, memories of the UT basketball games (especially JH and GC). To Shaunda Hill, I leave all the rotten guys we've had to put up with over the years (I'm sure you'll appreciate that!!). To Jenni Curtis, I leave our Concert Choir "folder conversations", a can of shaving cream (put it to good use!), and all of the Homeboys of this world — I'm sure you'll find great uses for them — I never could! To Carol (the geek) Fledderjohan, have fun in your Executive Secretary class next year, and I hope you find someone to talk to because "what are you going to do" without me? To Mr. Schnell, I leave you all my prayers that David Hubbell passes your class so that you don't have to put up with him again next year. To my favorite group of burnouts, I hope you find a new "social" to pick on when I'm gone — I'll miss you guys! To Nicole Harrison, I leave my make-up, and my wardrobe. To Jay Griffith, (a.k.a. Jay Buddy), I leave a MERD (what's a MERD?). And finally to Sam and Tony, my little brothers, I leave you the ability to fool many people, and a one way trip to Pittsburg.

I, Pam Bossert, being of sound mind, but exhausted body leave my singing ability (what there is of it) to Julie Caire to carry those jammin altos through an 87-88 Rebelaire year, to Shaunda Hill, all of the great times I had my senior year and especially the memories of becoming such great friends throughout the year, to Kevin Crosson, Greg Zattau, and Jeff Ball, I leave my big mouth so you three can yell at next year's ensemble until they become as musically inclined as we were this year! To Cathy Bergman, I leave my espanol book to carry on those wonderful memories of Mrs. Thomas' class and to my lovely "stud" brother I leave my American Government book and the

absolute best teacher you could get to go along with the exciting subject — Mrs. Pinkava! Last, to all of my old, along with new friends, I leave the best of times at B.H.S. because everything goes too fast!!

I, Bob Augustyniak, being of somewhat sound mind and body leave the following: To Mike Mercurio I leave the privilege of "blessing" the frosh. To Rick Huss, I leave my sweet bowling ball and skill. To Jeri Desmond, I leave our locker door with all the memories and happiness it may bring. To Stacey Biggie, I leave all the skills necessary to factor a binomial. To Mr. O, I leave your buddy "Buster". To Roy, A.J., Ronco, and Chil Toad I leave the third floor window. To Duane Blythe, I leave a pillow for your lazy attitude. And to Gary Barker, Mike Flynn, Jeff Morse, Tim Timko, and Greg Siler, I leave nothing.

I, Brenda Peconge, being of semi-sound mind and body, do hereby declare this to be my last will and testament. To John Charney, I leave all of our good times together this past year. I hope your last year at Bowsher is as good as mine was. To Holly Urbanus, my favorite frog, I leave a copy of "How to Enjoy your Computer". "Agatha" will miss you, Holly!! And finally to Rob Woddy, David Garreay and Eric Butler, I leave a copy of Miss Manners' Book of Etiquette. Maybe you guys will finally learn some table manners.

I, Terri Bart, being of absent mind and little body, leave the following to my closest friends: To Kathy Dilloway, I leave enough make-up to finish her other eye and more snow so we can finally build our snowman. To one of my favorite skaters, Dave "THE GONZ" Guerro, I leave a life supply of band-aides to help heal all his boo-boos. To Adam Deck, I leave a 5 foot tall Henry dog to keep him company next year. Then, to Jarrod Olman, my favorite TANUC, I leave a life supply of acme hair growth and hair thickner. To the toad, Holly Urbanus, I leave our lifetime friendship, and some salt and pepper from McDonalds — sniff sniff. Then, to my other favorite skater, Rob Woody, I leave the memories of "that night". And finally to my locker bunch and lunch group this still includes Joe Ide and Matt Thomas, I'm gonna miss you all, but I won't forget you. LOVE YA ALL !!

I, Todd Merrifield, leave everything I have to anyone who will take it.

I. Valerie J. Mercuio, being of superior(?) mind and exhausted body, leave the following to my teachers and closest friends: To Mr. Beck, I leave the promise that I will remember that list of prepositions for "the rest of my life". To Mr. Swiergosz, I leave a lifetime subscription to the WWF wrestling magazine, a life-size poster of "The Animal", and a share of Sears stock. To my brother Mike, I leave the ability to get to class on time after arriving to school at 7:58, the good luck to have many great opportunities just fall in your lap, and that extra 5¢ you always seem to need to get a bag of cheddar fries. To Denna Mae Thruiel, I leave a pudding pie, a peanut butter cup, and a carton of milk, so she can have just as nutritious a lunch as I always had. Also, a portable space heater, and the hope that you and I could work together at the same store for a day. (It would be an "experience"). To Sharon Haugh, my best friend for six years, I leave you a pack of gum, a postcard from the Bahamas, and a bit of advice: Never try to attend school, work 25 hours a week, and go out with two different guys at the same time. It doesn't work.

Spirit Week

Rebel Spirit makes a pretty picture. (Peggy Metzger)

Spirit Week was held October thirteenth through the seventeenth and provided students with an opportunity to show Rebel pride by dressing up according to each day's theme.

Rebels wore their best clothes on Monday for dress-up day. Tuesday was Generic Day, calling for students to wear black and white. Academy Day, on Wednesday, let students mock their favorite academy, and on Thursday, College Sweats Day, university names and colors were the fashion. The week ended on Friday, in a flurry of red and blue for Rebel Spirit Day.

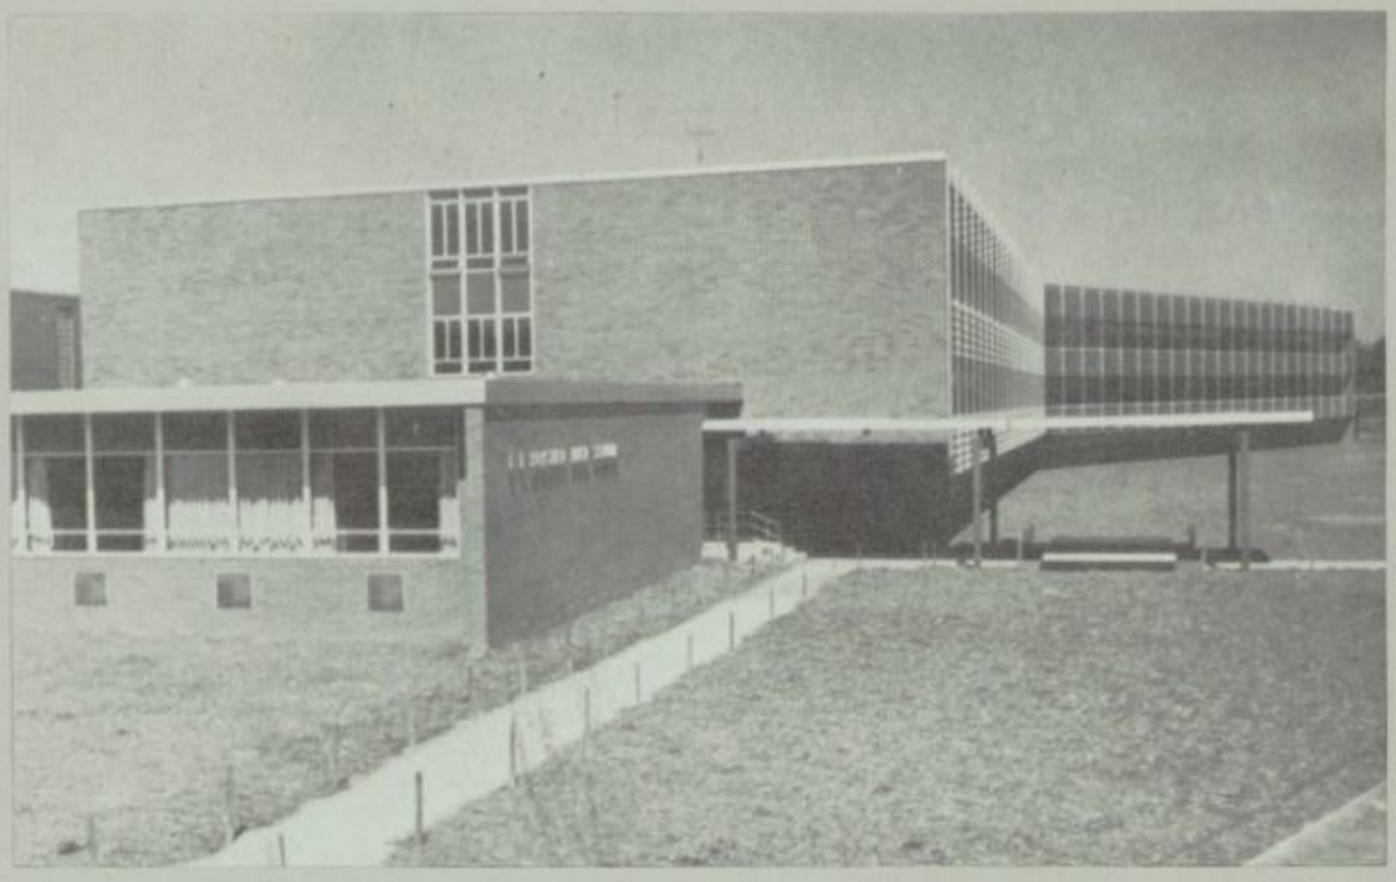
Bowsher Dedication Set For Oct. 25



Formal dedication of Bowsher High School will begin at 8 p.m. on Tuesday, Oct. 25, in the auditorium. This dedication will be the first of two chances for the general public to view the new school and its facilities.

* * *

Asked if he had any plans to help make Bowsher the outstanding school that the students want it to be, Mr. McNeill stated, "It has the makings of an excellent school. Of course, the students' actions represent it, so Bowsher's reputation is up to them."

* * *

The new South-end school is named after E. Lesley Bowsher, former superintendent of the Toledo Public Schools. Bowsher was designed by Samborn, Stekettee, Otis, and Evans at a cost of approximately $3,174,600. Included in the property of the school is a natural athletic bowl to be completed this spring. This bowl will contain fields for baseball and football.

You are cordially invited to

Board Appoints 3 New High School Principals

Waite's Thomson Going To Start, McNeill To Bowsher, Hendrickson Moving Up

Three new principals for Start, Waite and Bowsher High Schools were named last night by the Toledo Board of Education.

* * *

Ray McNeill, 35, assistant principal of instruction at DeVilbiss, was appointed principal of the new Bowsher school. All changes are effective next Monday

* * *

At the same time after last night's meeting, Philo Dunsmore, superintendent of schools, said results of student polls mean there will be a senior class next fall at Bowsher but not at Start. Both schools are scheduled to open in September.

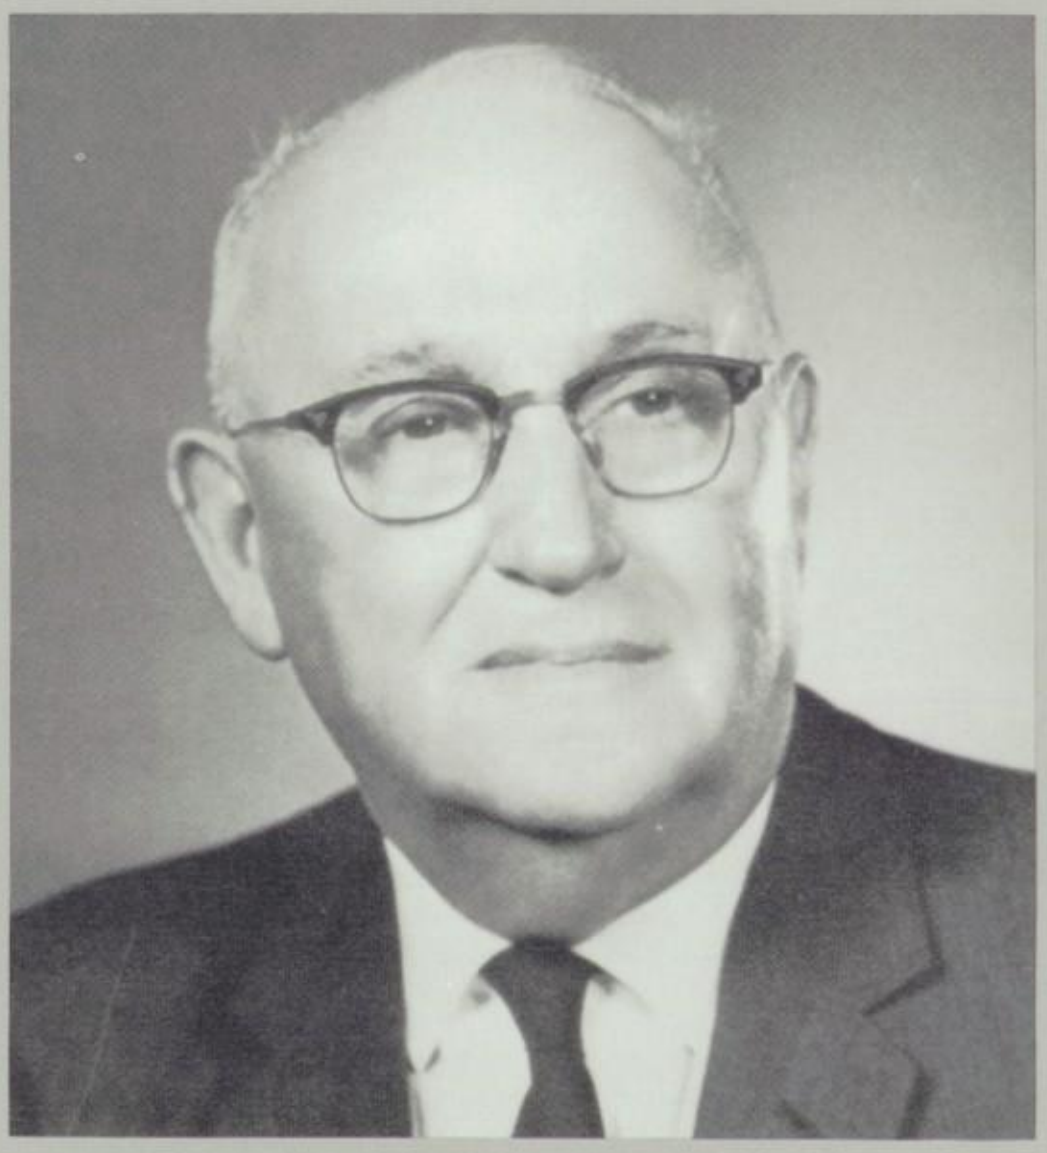
* * *

Mr. McNeill, 4224 Beverly Dr., has been assistant principal at DeVilbiss since 1960. He came to Woodward High School in 1950 as a history instructor and was named assistant principal of activities at Woodward in 1956. A 1944 graduate of Libbey, he too, received his bachelor's and master's degree at TU. Before coming to Woodward, he taught history and was head coach and athletic director at St. Ignace, Mich., for 2½ years.

Each of the new principals is married and the father of two children.

MR. McNEILL
Becomes head at Bowsher

Bowsher High School is proud to bear the respected name of E.L. Bowsher. Through the years, Mr. Bowsher had received distinction as an outstanding leader in civic projects. The determination by which he undertook projects gained for him the respect and admiration of his fellow citizens. As Superintendent of the Toledo Public Schools is the years 1937 to 1958, Mr. Bowsher emerged as a leader in education and a dedicated public servant.



BOWSHER'S PRINCIPALS

Ray McNeill

Mr. Ray McNeill was Bowsher's first principal. He held this position from 1962 until 1970. As the first principal, Mr. McNeill was instrumental in establishing the foundation of excellence on which Bowsher stands. He set high standards for achievement in academics, athletics, and extra-curricular activities which the outstanding staff and enthusiastic students worked hard to reach. Many of Bowsher's traditions can be traced back to Mr. McNeill's leadership during the school's first few years.

George Miley

Mr. George Miley was principal from 1970 to 1973. During Bowsher's first eight years, he was assistant-principal of activities. Mr. Miley worked along with Mr. McNeill to give direction to the school. As activities principal, Mr. Miley helped develop the major activities at Bowsher, such as athletics and Rebelees. He worked closely with the students and enjoyed that very much.

James Foltz

Mr. James Foltz was principal of E.L. Bowsher High School from 1973 until his retirement in 1982. Before coming to Bowsher, Mr. Foltz served as principal of Libbey High School, and before that of Arlington Elementary School. Mr. Foltz believed that Bowsher was the "greatest school in Toledo." He credits the excellent faculty and students in making the school stand above the others.

James Ray

Mr. James Ray has been Bowsher's principal since 1982. He has been at Bowsher 24 of the 25 years the school has been open. Before becoming principal, Mr. Ray was a counselor, assistant principal, and basketball coach. He has experienced all the changes Bowsher has gone through, and he feels that Bowsher has always been one of the best schools in Toledo.

REBEL HISTORY

Bowsher's crest is a colorful composite of symbols that represent the city and community. The torch and atomic symbol stand for education, science, and industry. The fleur-de-lis, arrowhead, and crown symbolize the French, British, and Indian histories of Toledo. The rose is the city flower, and the anchor represents the port city. The wavy bend symbolizes the Maumee River, and the fort is from the city flag.

The school colors, columbia blue and silver, were elected by the future students of Bowsher High School. The students were given choices of colors which were not already in use by schools in the Toledo area. However, the blue and silver had no dramatic effect on the athletic field, and the red athletic trim was soon added by the school.

BOWSHER LOYALTY SONG

With Loyal hearts,
O Bowsher High
We sing to you today.
Our praises firm
With love and pride
And lasting
Friendships here abide.

With faithful hearts,
O Bowsher High
We honor you today.
With voices raised
In grateful song
We will
Be ever strong.

Music Composed For Alma Mater

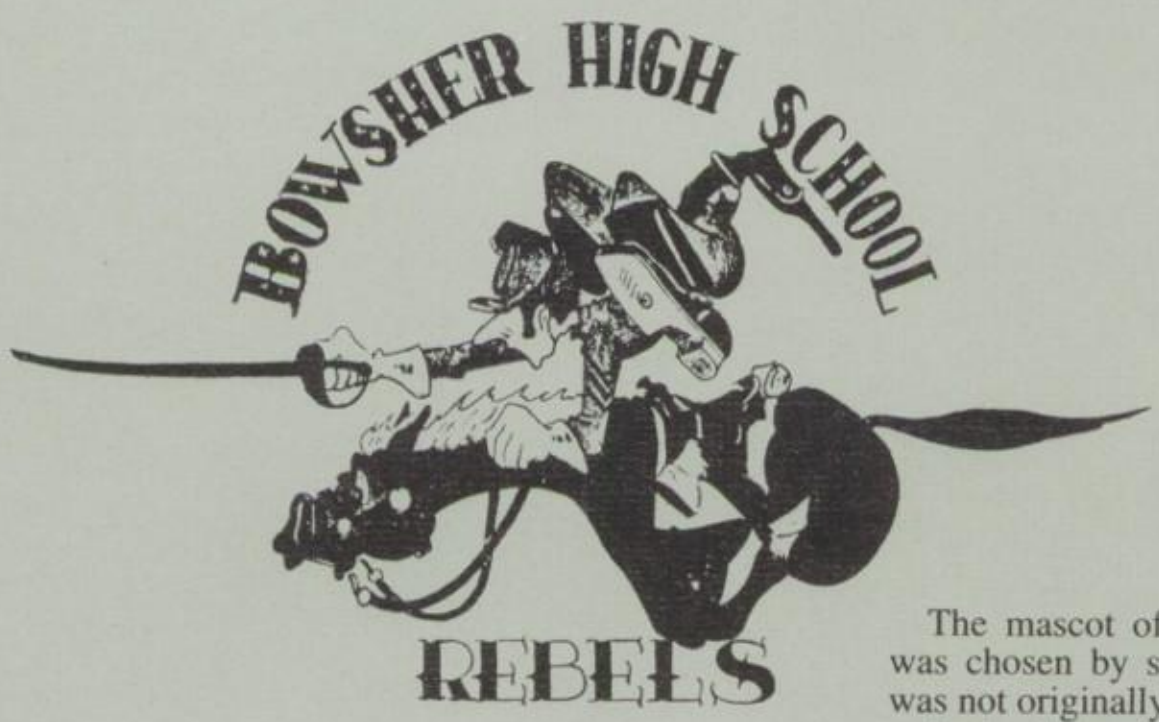
"O Bowsher High" -- these are the opening words of the official school song, which has recently been completed.

Mr. Kenneth Holland, a professional song writer, composed the music.

The words of the song praise Bowsher, urge the building of school spirit, and encourage the students to be honorable and loyal. The alma mater also says that the friendships made at Bowsher will never be forgotten.

There are two verses, each beginning with "O Bowsher High," which are set to one tune. The song resembles a folk song and has a march tempo.

Mr. Leslie Bennett, choir director, said that it is a "pretty" song. He added that it will be easy for students to sing, because it has no very high or low notes.



The mascot of Bowsher High School was chosen by secret ballot. The Rebel was not originally on the ballot, but was a write in chosen by the student body. The original design was created by a commercial artist, and was approved by the school.

WELCOME TO
CHARLES W. MATTHEWS
STADIUM

Charles Matthews came to Bowsher as Athletic Director in 1969 and remained athletic director until his death on March 18, 1979. He was especially interested in track and was mainly responsible for adding the hard surface track. After his death, the coaching staff chose to rename the stadium in his memory.

Mrs. Charles Matthews accepts the plaque at the dedication ceremony.

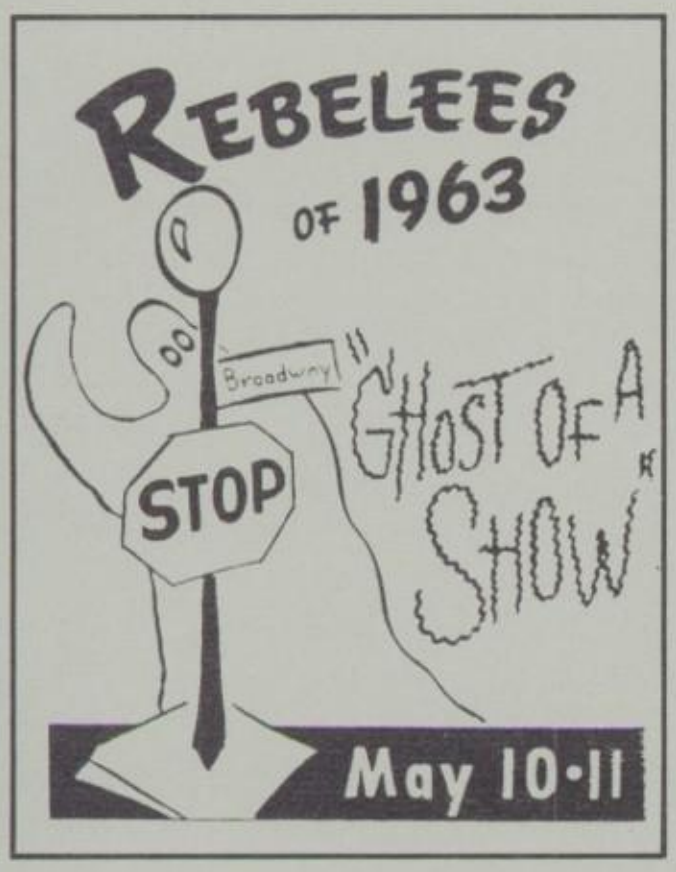
Rebelees

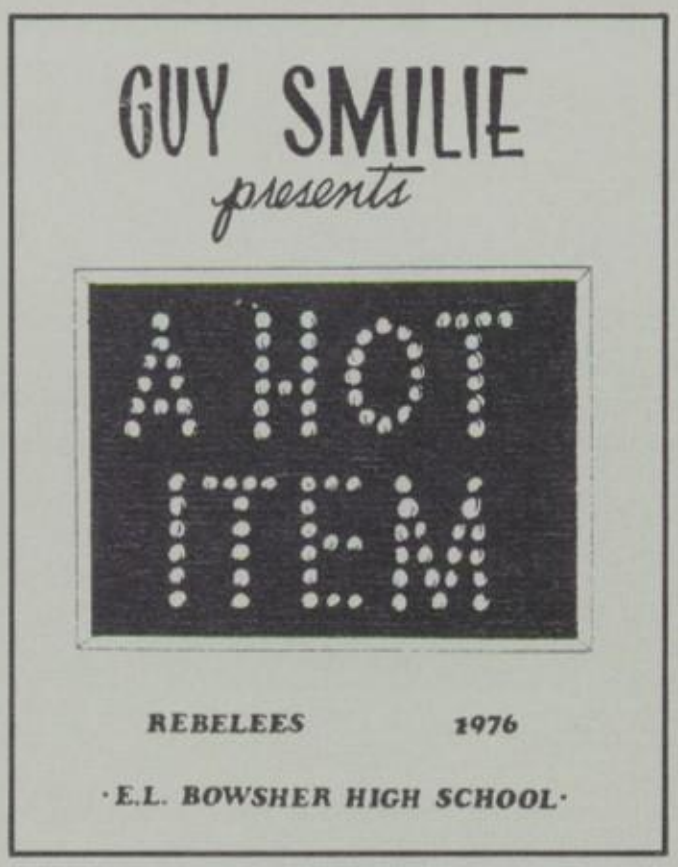
The final curtain call of Rebelees 1963.

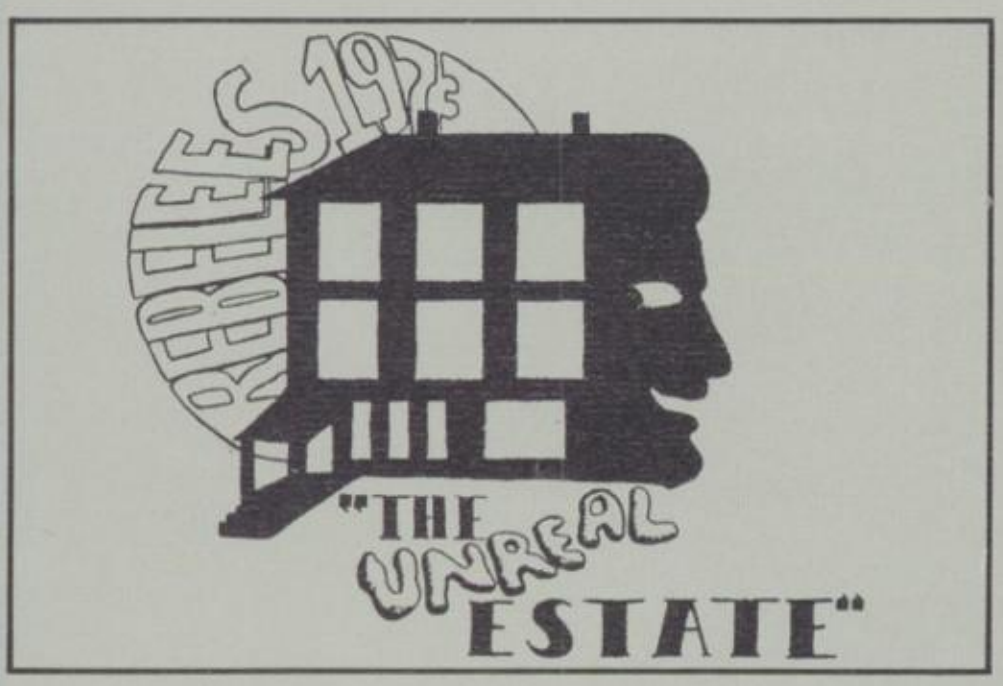
The first Rebelette kickline.

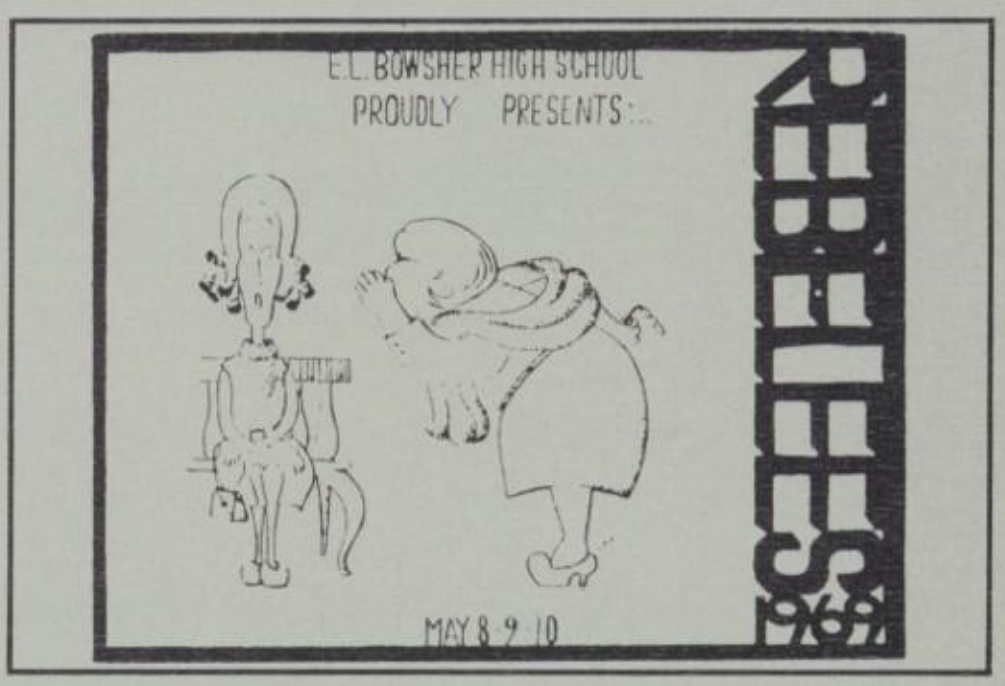
In 1963, the script committee was confronted with an empty stage. Only the yellow curtain was in place but there were no sets or stage equipment available. It was, therefore, decided to work an "empty stage" theme into the script. Ed, an old western prospector bought an empty theatre. Op opening night, the spotlight followed Ed with his Jezzi (a personable mule) as they slowly walked down the right aisle of the auditorium and up on the stage to inspect his property. Of course, the theatre was inhabited by the ghosts of actors who had performed there. The last act was a dazzling show staged by the ghosts who had now materialized for Ed and Jezzi.

Rebelees was an immediate success. Its purpose was to engage the various abilities and talents of the student body. The script, stage sets, costumes, band, program design, talent acts, choreography were created by Bowsher students. This tradition has continued. Rebelees has been a unique achivement for 25 years.









A collection of Rabelee program covers through its 25 year history.

Yearbook Announces Name

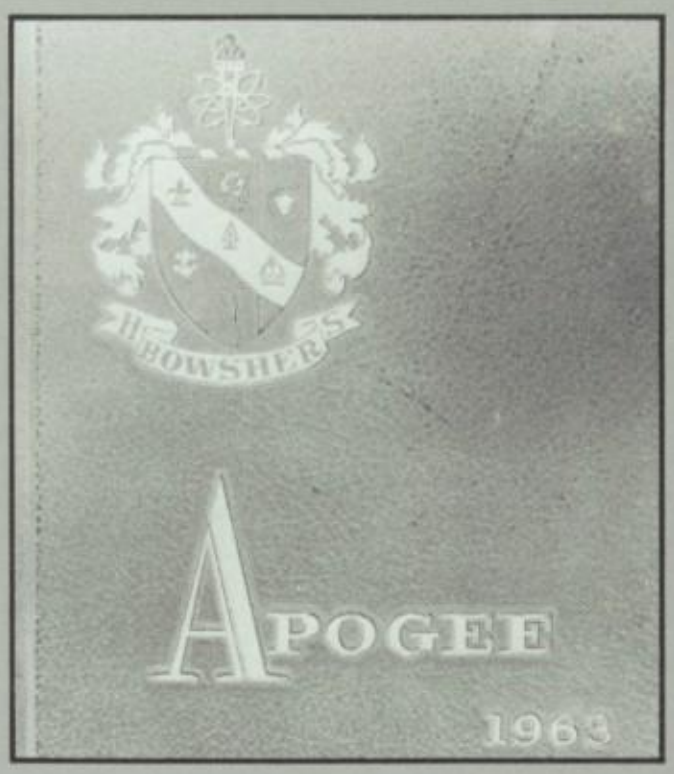
Today the yearbook staff releases for publication the name of the Bowsher annual. It will be called *The Apogee.*

The sale of yearbooks, which will last for two weeks, begins next Monday, Oct. 29. It will be conducted in the homerooms with the student council homeroom representatives in charge.

The price of *The Apogee* is $5. When ordering the yearbook, the buyer must pay an initial fee of at least $2. The balance of $3 must be paid before semester exams.

The name, *The Apogee,* means the highest or most distant point from the earth. The term combines the old and the new for it is a modern, space-age word and yet is derived from the Greeks.

When asked why this name was chosen, Miss Papps, the yearbook adviser, stated, "We think it signifies a fine goal to be set for a new school -- to attain the highest in all possible fields."



We are publishing a picture of the very first yearbook from Bowsher High School, 1963. It consisted of 108 pages and cost the students $5.00.

Through the years there have been many changes in the **Apogee.** It has increased to 300 pages, which makes it the largest yearbook in the area. The pictures below are some of the more memorable covers of the **Apogee** through its 25 year history. Although the "face" of the **Apogee** changes, the meaning of the word still describes the goal of Bowsher High School and its students.

THE CREST

Vol 1, No 12 — E. L. BOWSHER HIGH SCHOOL, TOLEDO, OHIO — May 10, 1963

"Crest" Journalism Wins Superior Rating At B.G.

Bowsher's newspaper *The Crest* took top honors at Bowling Green State University from the Northwestern Ohio District Journalism Association.

Rated as a superior newspaper on April 25, *The Crest* shared this high honor with only a few area schools.

Jim Fechrmeyer earned an honorable mention from *The Blade* for his column "Jim's Gems." He was the only student in the Toledo public high schools to be cited by *The Blade*.

Dr. Raymond W. Derr, B. G. professor, said that special praise should be given to Bowsher's paper staff for its high standards and page make-up, since this is its first year of publication.

More than 900 students and advisers were present at this day-long meeting. After the opening speeches, the students divided into groups to attend workshops which covered editorials, headlines and make-up, and general news and feature writing. Awards for the outstanding newspapers and staff writers were announced in the afternoon.

Two consecutive issues had to be submitted to B.G. for judging by each high school. Also entered were individual stories in the various news categories for awards from the Blade contest.

29 Juniors Named To Honor Society

Before an audience of parents and fellow students, twenty-nine juniors were inducted into the Bowsher National Honor Society on May 2.

These juniors represent the top 10% of their class in grades. In addition to scholarship, they were chosen on the basis of leadership, character, and service to the school.

Curtain To Rise At 8 p.m. On 1st Student Musical

By CHRIS CONANT

Tonight is D-Day for Bowsher's *Rebelees*. Yes, tonight at 8:00 history begins as the curtain rises on the very first production of *Rebelees*, "A Ghost of a Show."

The two performances held tonight and tomorrow evenings will be given in the auditorium.

Miss Papps, faculty director, points out that the cast and committees have the very finest attitude. They are serious, interested, and concerned when problems crop up. She also stressed that it is a remarkable achievement for a new school to have the script and sets so original.

And now for the inside success secrets of *Rebelees* . . .

Problems certainly have cropped up – Martha Keller, ticket chairman, will vouch for that. She's been looking like a mad scientist lately as she hunches over her seating chart for *Rebelees*.

Another fun project was practicing for the make-up committee. It proved to be more fun than creating those famous messes in junior high home economics.

Those who will wind up *Rebelees* are Cheryl Fahle and Andy Purse. They have been counting heads to try to figure out how much meat is needed for the cast party at the South Side YMCA, Saturday night.

Two Rebels Win State J.A. Titles

Two juniors have won titles as officers of the year in Junior Achievement.

Debra Niekranz is Secretary-of-the-Year, and John Hazelwood, Safety Director-of-the-Year.

Debra and John will now advance to the national contest to compete for further honors. They will receive an all-expense-paid trip to the National Junior Achievement Conference this summer at the University of Indiana.

The two juniors earned this honor by competing with over 350 other Junior Achievement officers in Northwestern Ohio. They were required to take officer-of-the-year examinations.

A group of local civic and business leaders conducted the finals to select the outstanding officers in this program.

3 Juniors Achieve High Rankings In National Merit Scholarship Tests

Three Bowsher juniors got scores in the 99th percentile on the National Merit Scholarship Qualifying Test given last March. They are Rick Walker, Carol Leitner, and John Morrison.

Of the 275 in the junior class, 140 students took the NMSQT. The average percentiles in the separate categories at Bowsher are considerably higher than the national average.

Bowsher's average in English usage is in the 66th percentile, math usage, 86th; social studies reading, 64th; natural science reading, 73rd; word usage, 70th, and the composite, 74th percentile.

The 50th percentile represents what would be expected of the average student.

Concert Set May 15

On May 15 at 8:00 p.m. in the auditorium, the Bowsher choir and orchestra will present a concert free of charge to the public.

Among the numbers which will be presented are a prayer from "Hansel and Gretel," and an original song composed by Mr. Eugene Evans, Bowsher choir director.

"Apogee" Makes Debut May 28

The *Apogee* is set to roll off the presses. Students will receive their copies on May 28 and 29.

On the night of the Senior Banquet, May 28, the yearbook will be presented to the senior class. Underclassmen will receive their *Apogees* the following day.

"It's going to be twice as good as that other school's yearbook!" says Rick Huffman, *Apogee* co-editor.

The theme of the *Apogee* will not be revealed until its presentation. It will be 8-1/2 by 11 inches in size, the size of a sheet of typing paper, and will contain 108 pages.

A disc jockey sock hop for signing yearbooks will be held in the cafeteria on May 29. It will start at 8 p.m. The Peries are sponsoring it and are putting the money earned toward a scholarship.

The name for Bowsher's first newspaper was voted on by the members of the staff. **The Crest** was chosen because of its meaning — periodic high points at equal time intervals. Since **The Crest** was a periodical, the name was fitting.

In the late 60's, the school purchased a press and the size of the paper went from a 15''x11½ to the 8½''x11'' format. Since the format had changed, the staff decided to change the name as well. **The Crest** became **The Rebellion** on 1972.

The first copy of **The Crest** cost the students 10¢. The advisor of the first Crest staff was Miss Patricia Osborn.

Leading the group downhill, will be Cindy Spewalk, who is in good form to do so. In fact Mr. Edmond Robblitt felt so sure of the leadership he said "You should be covered by Blue Cross", referring to those who attend.

Lift tickets are included in the price but students will have to buy their own dinner. Bringing extra spending money is very advisable.

See Textile Art At Toledo Museum

The Toledo Museum of Art, which in past years has been internationally famous for its various paintings and ceramics, has received another great collection of art. It is called, "Art in Textiles." This display is comprised of works from students attending Toledo University and Bowling Green State University.

Recently, the growing interest in handmade crafts has drawn new attention to textile art. A special exhibition, located in the School Lobby of the Toledo Museum of Art explores the particular technique of batik, macrame, and weaving. The exhibits are on display now and will continue through Feb. 6.

Take A Walk Through A Park

Do you have the blahs? Are you persistently bored with Sunday afternoons? Now there is a cure. Secor and Oak Openings Metro Parks are offering free winter programs of Sunday nature walks and films.

Escorted by a Metropolitan Park District naturalist, the nature walk begins at 3 p.m. each Sunday from the Lodge at Oak Openings and the Nature Center at Secor Park.

The Lodge and Nature Center are also the place for film programs at 2 and 4 p.m.

Hot drinks and sandwiches are sold at Oak Openings Lodge for those hungry after their fresh air and exercise.

An open fire adds to the spirited atmosphere and gives one a chance to cozy up with someone they love.

WORLD HEADLINES

Here is what was happening around the world during 1962-63, the first year Bowsher was open.

On February 2, 1962, Lt. Col. John H. Glenn, Jr. became the first American to orbit the earth. He circled the earth three times in the 4 hours, 55 minutes he was in Friendship 7. Now he is an Ohio Senator.

CUBAN MISSILE CRISIS — The Cuban Missile Crisis was a major Cold War confrontation. It brought the United States and the Soviet Union to the brink of war. In secret, the U.S.S.R. attempted to install medium range missiles in Cuba. President John F. Kennedy responded by ordering naval blockade of Cuba. The U.S.S.R. then backed down, and the blockade was lifted. This took place between August and November of 1962.

Toledo's mayor in 1962 was John W. Potter. Mr. Potter was mayor from 1961 to 1967. He is now a U.S. District Court judge.

In 1962, James A. Rhodes became governor of Ohio, defeating incumbant Michael V. DiSalle by a record majority.

In the early sixties, violent conflicts between whites and blacks, especially in the South, were apparent, but progress was made in Civil Rights. In 1962, despite bloody clashes, James H. Meredith, escorted by police, became the first black student to register at the University of Mississippi. In 1963, racial violence broke out in Birmingham, Alabama. However, Dr. Martin Luther King, Jr. rose above the violence with his peaceful protests and inspiring speeches, leading the march on Washington in August, 1963. 200,000 blacks and whites marched from the Washington Monument to the Lincoln Memorial, where he then addressed the crowd with his now famous "I have a dream . . . " speech. All of these events culminated in the passage of the Civil Rights Act in 1964.

THE DAY KENNEDY DIED

In one sudden, swift, awful convulsion of history last week, the majesty and the burdens of the Presidency of the United States shifted from one man to another.

In a shattering moment, at once random and calculated, John Fitzgerald Kennedy was cut down in his 47th year by an assassin's bullet in Dallas, Texas.

In the brief span of 30 minutes, incredibly, this tanned, vigorous, hale young man—the youngest ever elected President—was dead.

In just 98 minutes more, standing aboard the President's Air Force jet with Mr. Kennedy's ashen widow at his side, Lyndon Baines Johnson recited the 34-word oath of office and became the 36th President of the U.S.

And in 48 hours the assassin himself was shot dead.

The tumble of events was stunning and incomprehensible —the more so in all the uncertainties of the "dangerous, untidy world" John Kennedy had diagnosed just eight days before his death and now bequeathed to his successor.

Vietnam's Many-Sided War

During 1962 and 1963, U.S. involvement in Vietnam grew. From 1961 to 1963, the number of U.S. military advisors assisting the South Vietnamese rose from 2000 to 15,000. On November 1, 1963, the premier of South Vietnam, Ngo Dinh Diem, was slain in a coup. Over the next several years, the U.S. became more and more involved in the war, until 1973, when peace pacts were signed in Paris. More than 200,000 Americans were wounded in this war which was the longest war in American history.

Marilyn Monroe, actress and model, died on August 5, 1962 at the age of 36 from an overdose of sleeping pills.

Golf Honors

Bowsher's Stone Medalist

Bowsher's Stone Ready To Defend

.Bowsher High's Steve Stone will be with familiar company when he caps an exceptional career this weekend at the Ohio Class AAA golf championship.

Stone shoots for his second straight AAA individual championship on the Ohio State University Scarlet Course tomorrow and Saturday. He tied with Brian Bridges of Columbus Whitehall for medal honors in 1985, and the two will play in the same group tomorrow.

"We've become really good friends," Stone said of Bridges. "It should be fun."

He will compete in the same tournament with his brother, Mike, a freshman at St. John's. The younger Stone qualified along with his St. John's teammates for a chance at the AAA team title.

Steve Stone won the City League golf title as a freshman and sophomore and added another city title this season. Last week, however, he barely made it out of the AAA regional tournament at Ashland, shooting a 75 in the chilly morning and then sweating it out while the weather improved and scores dropped later in the day.

"I thought I was done," he said. "I didn't know I made it back to state until all the scores were in."

There might be more cold weather in store this weekend at Columbus, but Stone fought off the flu recently and is ready to go.

"I've been in kind of a slump the last couple of weeks," he said. "But I feel good now. I've been practicing in this weather for a long time."

Stone has played superb golf in 1986. During the summer, he won five local junior championships, placed third in the National Hudson Invitational, eighth in the World Junior at San Diego (where he played with Whitehall's Bridges), and finished in the top 16 in the Junior National Qualifier.

Stone continued with a consistent fall season, including a round of 65 at Sugar Creek.

"I was really playing well all summer, and I had a pretty good fall," Stone said. "Now, there's a lot of pressure. I kind of like that. The more pressure, the more I concentrate. It won't bother me."

Stone's brother, Mike, is the youngest member of an experienced St. John's team that tied for second with Westerville South, 20 strokes behind Upper Arlington in 1985.

Steve Stone

Jim White and Mike Waterman are making their third straight trip to the state tournament, and Mike Spencer and John Figmaka were on last year's team.

Last week the Titans lost a playoff to Richfield Revere and finished second in the AAA regional at Ashland.

"We're playing well, and we're expecting a good tournament," said Joe Czernicki, St. John's head coach. "but on the other hand, we've already seen Upper Arlington. We were second to them in a tournament at Galion this year, but they won it by 16 shots or so. They shot 72, 73, 74, and 77. That's hard to beat."

The Titans saw the same performance last year at the state tournament. After 18 holes, they were just three strokes off the lead, but watched Upper Arlington shoot a combined 304, 21 strokes better than St. John's, on the final day of the tourney.

"You can't expect miracles," Czernicki said. "If they do as well as last year, it won't be close. But we're ready to see how well we can play. Just like any state tournament, experience is important, and we have it."

Czernicki said Spencer ("a dependable, low-scoring guy"), has been his steadiest golfer this season. White lost a playoff to Bowsher's Stone for the city title.

Steve Stone ends his high school golf career with three city championships along with two trips to the state tournament, winning the individual championship last year and finishing third in the state this year. Congratulations to Steve and good luck in his future golf career.

As the soccer season came to an end, team captain Eric Necker had this reflection on the season: "It was a tough year having only 4 seniors and many new members, and a new coach who did a great job with us. Even though we came out even in games (wins/losses), we all have to be very proud of what we've accomplished this year. Next years team shows a lot of promise and talent. Editor's Page

Another year gone by: another yearbook published. There are so many people to thank for helping us produce this special yearbook. First of all I would like to thank the Apogee staff. You did a great job! Special thanks goes to: Miss Elizabeth Papps for her time, patience, and afterschool pizza parties; Mr. Doug Bynum for his ideas, time and keeping his cool when we would ask him the same questions over and over; Hunter Publishing Company; and our treasurer Mrs. Julie Westfall. Without her, our money would not be as organized and probably not deposited. Thanks everyone!

I hope that the Apogee in the years to come will always produce a successful yearbook. Good luck to everyone on the staff next year (be organized and stay that way) and Good Luck to the Class of '87.

There were many people who helped us produce this yearbook, but there were a special few whose help we could not have done without.

Most importantly, I want to thank my staff. Their dedicated hours helped make this yearbook a success. I would also like to thank Mr. Doug Bynum, who gave me so many helpful suggestions. And finally, Miss Elizabeth Papps, who gave me support and advice, and helped me make it through a fun but very busy year.
